

Our Family Reunion

Dear Relatives and families!

This will be an event, that we have never had before!

A great idea was born in California !

While traveling to LA, the Sitermans had met the Kopeleviches for a drink. At the nice and cozy restaurant we had one of those long, warm and soulful conversations, desiring to hear something about everybody in our families.

We realized how divided we are by circumstances, distances and time. Some of us, who used to live a lot closer before, are far away now and lost our contacts.

We also realized that some of our children or grandchildren never had a chance to meet each other at all. Our family is spread around four countries: USA, Israel, Lithuania, Belorussia

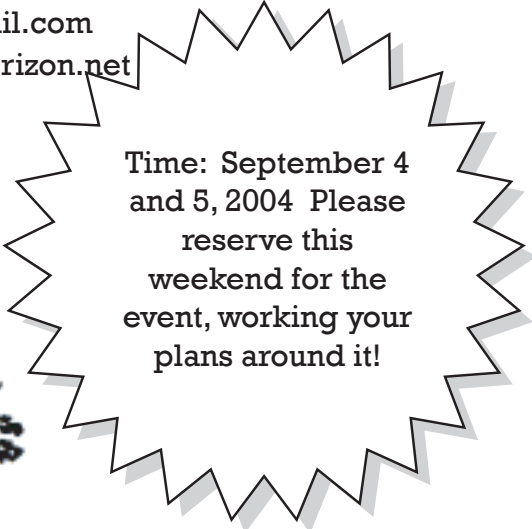

Therefore, THE IDEA IS TO CALL FOR A FAMILY REUNION.

It will be the reunion of descendants of Mendel Nisenbaum and his children: Solomon Nisenbaum, Motle Nisenbaum, Esther Nisenbaum, David Nisenbaum, Dora Nisenbaum.

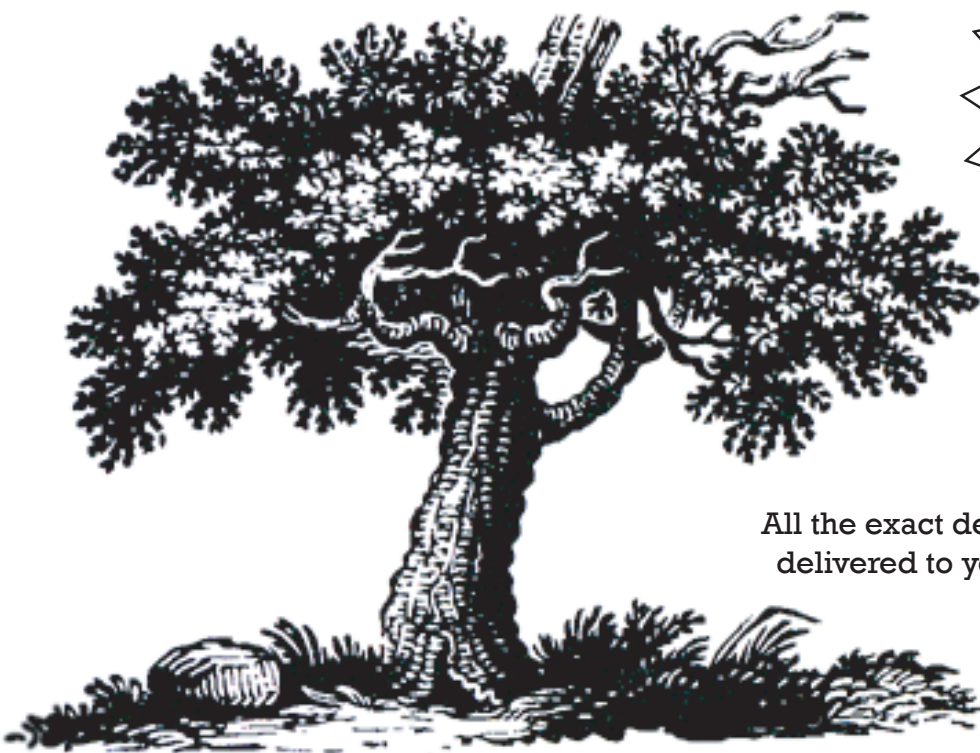

Together with this, you will find our Family Tree diagram designed by Alex Feldman. Most of us have different last names, but we all are fruits of One Big Tree.

The organizing committee of four people has been formed:
